

# CHIMAYO YOUTH (AND YOUNG ADULT) VISIONING: Workshop

Are you between **16 & 30** years old, live in or have a strong connection to Chimayò area and want to have a say its future? We need your help. The Resource Center for Raza Planning in the UNM School of Architecture and Planning and Santa Fe County are hosting youth vision workshops which will involve a hands-on planning and design approach to connecting with the past, present and future of Chimayò. **Youth have the largest stake in the future of their community** and their input strengthens the sustainability of community planning. Chimayò Youth enthusiasm, creativity and idealism brings a fresh perspective to planning initiatives. **Levantar la voz!**

**BE A VOICE  
FOR THE  
FUTURE OF  
CHIMAYO**

**October 25  
November 8  
November 15**

**Build skills in planning and design, help build a vision for your community, and the future of Chimayò .**

**(Looks great on resumes!)**

# CHIMAYÒ YOUTH VISIONING WORKSHOP

The Chimayò Youth Visioning Workshop engages youth and young adults in a an intensive 3 part planning and design workshop to explore the future of Chimayo. The workshop will involve participants in mapping, drawing, photography, field observation, and analysis of Chimayò's community and individual assets. A Pop-up community exhibit and celebration will be organized and facilitated by youth participants to showcase the Chimayò Youth Vision in February.
